**Editors Note:** The Rotoreador for January 30 was not distributed with e-mail because the file, with pictures, was too big. If you want a copy, one can be printed for you. Just contact George Stroh at [george.stroh@iname.com](mailto:george.stroh@iname.com)

**PROGRAM**

**Marv Dyer** introduced our speaker John Gedney. Mr. Gedney has been with the FBI in Boulder since 1990. While there he has worked on Special Cyber Crimes, International crime, and Anti-terrorism. He was a CPA out of college, but decided the FBI was for him! According to Mr. Gedney the FBI has had to change since September 11th. We are now trying to protect our technology against terrorism. They are also fighting against Fraud and identity theft. Mr. Gedney told us that there are over 4500 websites for extremists. If you ever have any information for FBI you can contact them at FBI.Gov or IC3.Gov.
